

Certificate of Excellence for student work at CSE3

On Friday March 1st, 2019 at the annual CSE3 advisory board meeting three CSE3 student employees were recognized for the work they have done at the center. The students were presented with a certificate of excellence by their faculty supervisor/mentor. Dr. Randall Ethridge presented the award to Mr. Shawn Harbin for his work creating datalogging and sensor equipment which has been used for his ongoing research at lake Mattamuskeet. Dr. Tarek Abdel-Salam presented the award to Mr. Caleb Lockamy for his work on an EPA grant where center faculty and students conducted energy audits on food and beverage packaging facilities in eastern North Carolina to help the companies reduce the amount of energy they consume during a regular day of operation. Dr. Praveen Malali presented the award to Mr. Julian Brady for his work on an energy audit of a nationally renowned bird park in eastern North Carolina as well as his ongoing research into residential solar power potential in eastern North Carolina.
