

CSE3 students present posters at the 2020 College of Engineering & Technology Research Day

Several CSE3 undergraduate students presented posters detailing their research work at the 2020 CET Research Day held on February 24th, 2020 at the Ballroom A of the ECU Main Student Center. The work presented by the CSE3 students was supervised by CSE3 faculty and faculty affiliates. The event drew more than 100 students and nearly 60 faculty from several ECU colleges and centers. There were more than 60 posters presented at this event. CSE3 student, Mr. Griffin Steinbaker, was one of the winners in the poster competition. The poster was co-developed by CSE3 graduate student, Mr. Julian Brady and advised by CSE3 faculty, Dr. Praveen Malali and CSE3 faculty affiliate, Dr. Faete Filho.
