

# ENERGY EFFICIENCY IN A MANUFACTURING ENTERPRISE WEBINAR

Tuesday,  
December 5th  
2023

2-3PM EST on  
Microsoft Teams

Presented by:

Dr. Sanjeev K. Khanna  
Professor, Mechanical &  
Aerospace Engineering

Director, Midwest Industrial  
Assessment Center  
The University of Missouri

This webinar will discuss the importance of energy efficiency in manufacturing operation efforts, including outcomes, and benefits under the Department of Energy - Industrial Assessment Center (IAC) program at the University of Missouri. Dr. Khanna will also elaborate on training programs that support workforce development in energy efficiency held at the IAC. Other topics include addressing challenges, and the need for resiliency in manufacturing enterprises.
