

Pre-Practicum Research Approval Form

Before beginning practicum research, this check list should be completed by the master's candidate in conjunction with the Practicum Committee Chair. Please note: All practicum research must be approved by the Practicum Committee Chair and the Graduate Program Director. All students whose practicum projects involve human subjects must have their proposed research approved by the University and Medical Center Institutional Review Board (UMCIRB) before beginning the studies involving those subjects. Likewise, all students whose projects involve animals must have their proposed research approved by the Institutional Animal Care and Use Committee (IACUC) before beginning those studies. A copy of the appropriate approval must be submitted with this form, or with an updated form when it is known that the research requires the involvement of such subjects, and must be included in the Appendix of the completed practicum.
