Program Description

Industrial Distribution and Logistics (IDIS) represents highly demanded professions in the challenging field concerned with the flow of goods and services supporting the global economy. The $1.64 trillion US business logistics industry accounted for 8% of GDP in 2018. The US Department of Labor projects a 7% growth in employment looking forward to 2026.

Our faculty work hard to network with industry partners to pursue our primary goal that students leave us with a job in addition to a highly valued degree. We guide and assist our students through the recruiting process for internships and careers in manufacturing, wholesale distribution, fulfillment center operations, transportation, and business to business sales.

The program provides a unique combination of classroom and hands-on work. Course work integrates information technology and other inventory, transportation, and management technologies to give our graduates a competitive advantage in their career.

Program Fast Facts

- 2019 Median Salary for Logisticians: $74,750
- Industries that hire our students:
  - Transportation and Third-Party Logistics (3PL) companies such as JB Hunt, CH Robinson, TQL Logistics, CEVA Logistics
  - Wholesale Distribution Companies including industrial supplies, HVAC, electrical, building products, plumbing and water works
  - Manufacturing companies such as Hyster-Yale Material Handling, American Small Motors (ASMO), Bosch-Siemens Home Supply (BSH)
  - E-Commerce and Big Box Retailers including QVC, Target, and Amazon
