BS in Industrial Technology (BSIT) Transfer Program

The BSIT is a degree completion program designed for students who hold a qualifying associate in applied science (AAS) in an approved industrial, business, and/or technical field.

BSIT Transfer Admission Requirements

Students transferring with an Associate of Applied Science degree included in the approved list on the next page:

- Completed Associate in Applied Science (AAS) degree in approved technical area by the first day of enrollment at ECU. The approved AAS programs can be viewed on the next page or at cet.ecu.edu/techsystems (choose the Industrial Technology Transfer Program tile).
- Cumulative 2.0 GPA from all post-secondary institutions attended.

Students transferring with an Associate of Applied Science degree not included in the approved list on the next page:

- Cumulative 2.0 GPA from all post-secondary institutions attended.
- Must have the AAS degree approved by the BSIT Program Coordinator (see next page).

Students planning to enroll in the BSIT program should contact the appropriate BSIT academic advisor (listed below) at least six months prior to applying for admission. Inquiries may also be directed to ecuBSIT@ecu.edu.

Technical, industrial, or business related AAS degrees not listed should be reviewed by the BSIT program coordinator prior to applying for ECU admission.

* All specializations under that program qualify.

All information provided in this flyer is subject to change without notification.

NOTE for Information Tech related AAS degrees:

To qualify for the BSIT information and cybersecurity technology (ict) or the health information technologies (hit) concentrations, you must have least one of the following:

- *Grade of C or higher in NET 125 and NET 126.*
- *Current CompTIA Network+ Certification.*
- *Current Cisco CCNA or CCNP Certificate.*
