

# *Distribution and Logistics Concentration*

## Bachelor of Science in Industrial Technology

### AAS Degree Transfer Program

#### Description of Program

The Bachelor of Science in Industrial Technology (BSIT) is a degree completion curriculum designed for students who hold a *qualifying Associate in Applied Science degree* in an industrial or technology related field. There are two completion options: transfer to the main campus or complete online. All required upper division major courses are offered entirely over the Internet, as well as on the main campus during the day. For online students, these semester-based courses are delivered to allow students flexibility with regard to time and place. The courses are scheduled on a rolling cycle so that the major courses can be completed in as little as two or three years. Please note that our online option is designed for part-time enrollment to help professionals pursue a degree while working.

The *BSIT Distribution and Logistics concentration* prepares you for a supply chain management career focused on freight transportation and inventory management supporting wholesale, retail and online distribution centers. Career paths can also take you into manufacturing companies or toward business-to-business sales careers. Students may receive up to 38 hours of lower division major credits for completion of a qualifying AAS degree from a technology related field. In addition, up to 22 hours of general education credits may be applied towards the BSIT if equivalent.

#### Program requirements

- Completed a qualified associate of applied science degree program.
- Apply up to 60 semester hours from an accredited community college or technical institute.
- Minimum 60 semester hours must be completed at a four-year college or university.
- Minimum 33 semester hours of major coursework must be completed at ECU (available online).
- Only courses with a 'C' or better will transfer.
- Total 120 hours required for this degree.
- Visit the program website for admission information – [cet.ecu.edu/techsystems](http://cet.ecu.edu/techsystems).

For more information about admission, tuition, financial aid, housing, and more, please visit ECU's website at [www.ecu.edu](http://www.ecu.edu).

#### Industrial Technology Degree Requirements

##### Industrial Technology Coursework (42 hours)

- Technical Writing
- Technology Project Management
- Cost and Capital Project Analysis
- Industrial Supervision
- Introduction to Statistical Process Control

##### Choose nine IDIS courses from below:

- Introduction to Distribution & Logistics
- ERP Systems for Distributors
- Transportation Logistics
- Technical Presentations
- Distributor Sales & Branch Mgmt with Lab
- Supply Chain Logistics
- Procurement Logistics and Inventory Control
- Warehousing and Materials Handling with Lab
- Strategic Global Sourcing for Distributors
- Strategic Pricing for Distributors
- Global Logistics
- Distribution and Logistics Internship
- Distribution and Logistics Research

##### Courses to transfer or taken through ECU (78 hours)

###### AAS Technical courses (38 hrs)

###### English (6 hours)

- Composition I
- Composition II

###### Natural Sciences (7 hours)

###### Social Science (9 hours)

- Principles of Microeconomics
- Introductory Psychology
- Personnel & Industrial Psychology

###### Math (3 hours)

- College Algebra

###### Humanities & Fine Arts (9 hrs)

- At least one in Humanities
- At least one in Fine Art
- Hum or Fine Art to total 9 hours

###### General Ed Elective (3 hours)

###### Health & Exercise (2, 1 hrs)
